

MTBO World Championships underway

OUSA has, for the first time, sent a team of three women to the MTBO World Championships this year. The competition began on August 20th with the long distance qualification, in which one member of the US team qualified for the final. Sprint and middle distance qualification and the finals are still to come. You can follow the action at the [competition web site](#) [2] and the US team specifically at the [US team blog](#) [3].
